

Dear Families,

I am delighted to be working with your child this year! In order to get to know each of my students better, I am starting a unit called **All About Me**. This unit helps students celebrate their individuality and learn about likenesses and differences with others at school. It also helps build a sense of community in our classroom.

Please review the attached calendar and ask your child daily about his or her activities. By doing this, you are building language along with a showing a special interest that makes your child feel important!

Each child needs a Pringles can to make a time capsule at the end of the unit. If you could send one in, I'd greatly appreciate it!

Feel free to contact me with any additional information about your child that will help my job as the teacher be more successful.

Sincerely,

# August
