## Eye on the Sky Summative Assessment One

**Duration:** 45 minutes for 2 days

**Standards Assessed:** SC.E.2.1.1.1.1, LA.A.2.1.5.1.1, LA.B.2.1.4.1.1, LA.B.1.1.3.1.4

### **Description of Assessment Activity:**

This is a performance and essay assessment. It will take two days to complete this summative. One day to create the banner and another to do the written report. Students create banners and reports based on objects seen in the day and night sky. Share the checklist with the students so they know what is expected. Any student scoring an “N” or “U” should be retaught and reassessed.

### **Teacher Directions:**

#### **Prior to Assessment**

1. Make banners for each student from one piece of 9”x 12” black and light blue construction paper.
  - \*Punch two holes in the top of construction paper.
  - \*Thread 15 inches of yarn or string through the holes, so the paper hangs like a banner.
2. Duplicate the Summative One Checklist for each student.
3. Have a good selection of reference books for children to use.
4. Have crayons and markers ready for students to use.

#### **Day of Assessment**

1. Tell students they are going to make a banner and write a report of what is seen in the day and night sky. They will make one banner for the day sky and one for the night. Students are to draw objects seen in the day or night sky on the appropriate banner. Then, they write a short report about the objects. The report can be about one object on the banner or several objects. They must include some facts they learned and use at least one reference material. They must also use complete sentences.

2. Hand out the Summative One Checklist and go over it carefully with students. Answer any questions they may have.

### **Student Directions:**

1. Write your name on your banners and on your checklist.
2. Listen carefully as I go over part of the checklist.
3. You will have today and tomorrow to do everything. But, please do not spend all your time on your banners. Today you should have enough time to get the banners done and start your report. Then, tomorrow you should finish everything.

### **Scoring Method and Criteria:**

Use the checklist to summatively assess the Summative One standards.

E = 1-5 completed;

Majority of E's on 2-4

S = 1-5 completed;

Majority of S's on 2-4

N = Several (at least 2 or 3) completed on 1-5;

Majority of N's on 2-4

U = Few (1 or 2) completed on 1-5;

Majority of U's on 2-4, if even attempted

# Summative One Checklist

**Name:** \_\_\_\_\_ **Grade:** \_\_\_\_\_

\_\_\_\_\_ 1. Label the day sky.  
Use the correct color of construction paper to represent the day sky.

\_\_\_\_\_ 2. Draw objects seen in the day sky.  
E= 4 or more objects drawn  
S= 3 objects drawn  
N= 2 objects drawn  
U= 1 or less

\_\_\_\_\_ 3. Write a report about the day sky.  
E= 4 or more complete sentences.  
S= 3 or 4 complete sentences  
N= 2 complete sentence  
U= 1 or less

\_\_\_\_\_ 5. Use a reference material for one of your facts.  
Write the name of your reference material on the line below.
