

Summative #1 Expectations

Everything that is on the Summative has been taught, modeled or practiced in class multiple times! If you've been paying attention and doing your work, then you should have no problems with the assessment.

You will need to be able to explain and/or give examples of:

Setting

Conflict and resolution

Character evolution

Word Choice

Symbolism

Figurative Language

Mood

Foreshadowing

Point of View

Flashback

Then you will need to be able to apply certain quotes to your life as well as remark on whether or not you liked the book *Jacob Have I Loved*. (So think about that!!) Finally, you will respond to the unit's guiding question, is it possible to truly hate your sibling.
