

SHAKESPEARE
INTERNET DISCOVERY

Use the Internet to discover the answer to the following questions. Write your answer and the URL address you used to get the answer. The easiest way to discover the answers is to use search key words that narrow your research. For instance, SHAKESPEARE and HISTORY; SHAKESPEARE and ROMEO AND JULIET; etc. Try different search engines; some of the best include: megaspider.com; altavista.com; yahoo.com; and metacrawler.com.

Read the following questions and discover the answer. BE SURE TO INCLUDE THE URL ADDRESS WITH YOUR ANSWER.

1. In what year was Shakespeare born?
2. In what year did he die?
3. Was he married? Did he have any children? Identify names.
4. What does "bard" mean?
5. What are the 7 deadly sins?
6. What was the name of Shakespeare's theatre? What happened to it? What kinds of people would attend the theatre there?
7. Who was the Queen of England during Shakespeare's lifetime? What is the name of the "age"?

Now I want you to navigate and read some background information about the play, *Romeo and Juliet*. Once again, answer all questions & include the URL address.
