

Star Pattern

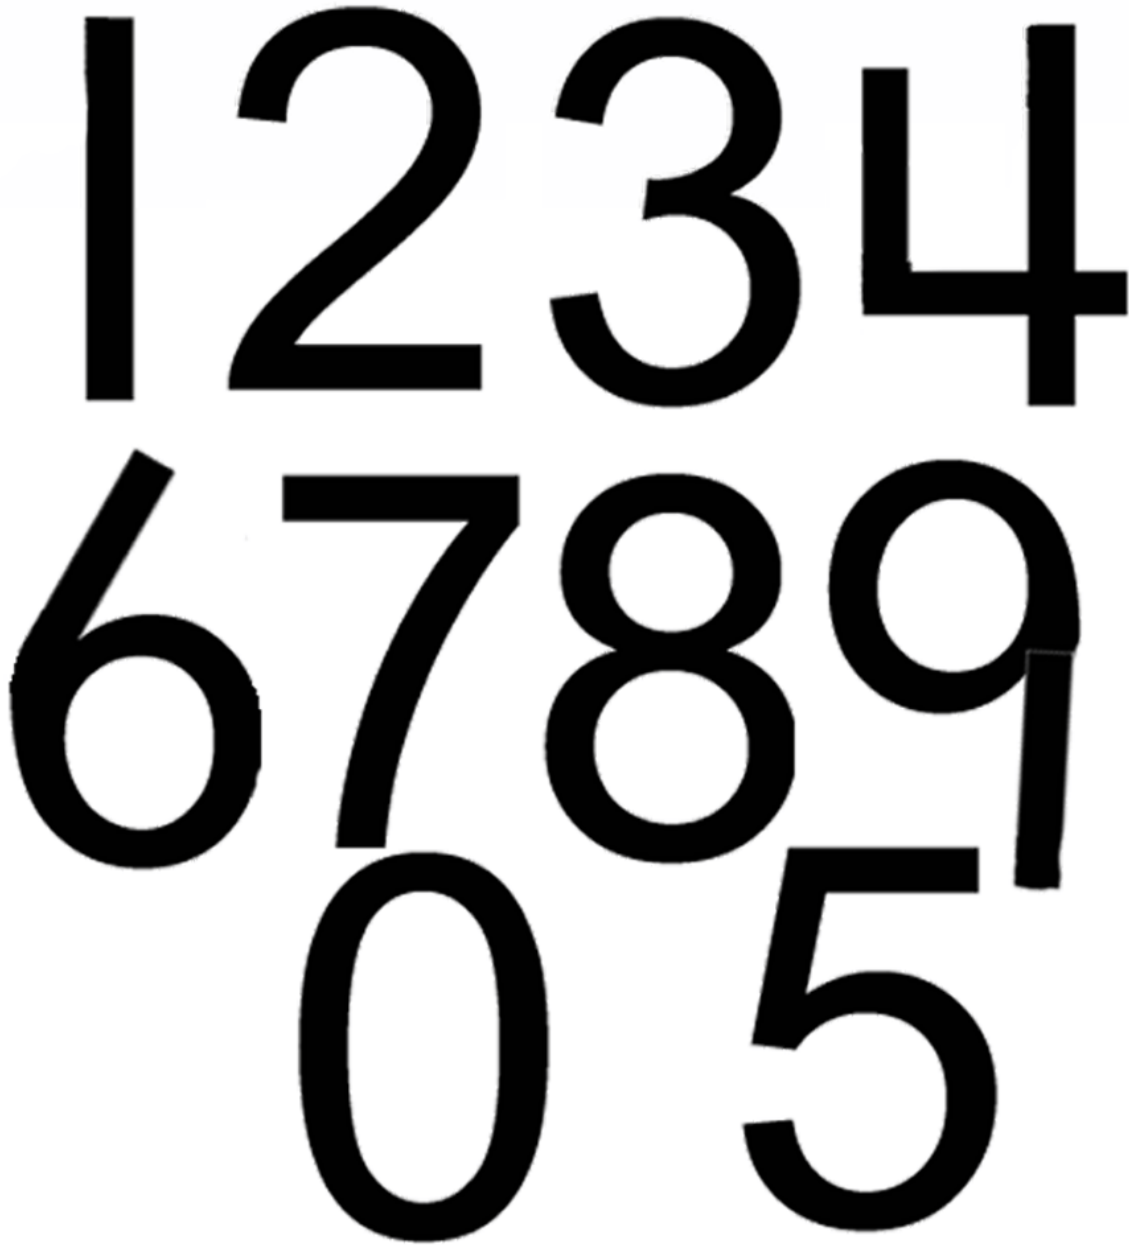

Use this pattern to make the yellow stars for the wall cards. You will need a total of 55 stars for the unit. (Cutouts from an Ellison Machine are faster and a good size.)

Numeral Patterns

If no cutout patterns are available, use these as patterns.

(Cutouts from an Ellison Machine are faster and a good size, however, you may want to check the formations of the 1, 4, 6, and 9 to see if they meet your desired formation.)

Name _____

Trace the numeral 1. Color one star.
