## Homework Assignment Note

1. Choose five events of your life (first day of school, first bus ride, first soccer game, a special vacation, a new brother or sister, a new pet, moving, special awards, etc.)
2. Draw a small picture for each event in the boxes at the bottom of this paper. Write the year the event took place in the box. There is one extra box in case you make a mistake.
3. Cut out the boxes.
4. Arrange the boxes in order from past to present.
5. Draw a timeline on the paper.
6. Glue or tape the pictures on the timeline in the correct order.
7. Read your timeline. Write two sentences about the order of the events on your timeline at the bottom of the paper. For example:  
I got my dog **after** we moved into our new house.  
We went to the Smoky Mountains **before** I got braces.
8. Write your name on your paper. Bring it to school **tomorrow**.
