

Graphing worksheet 2

Graph each problem on the same axes. Fill the page.

1. Graph the solution set of the system:

$$\begin{aligned}2x + 3y &\geq 2 \\7x + 4y &\geq 28 \\y &\leq 6 \\x &\leq 5\end{aligned}$$

2. Graph the solution set of the system.

$$\begin{aligned}3x + y &\geq 6 \\y &\leq 8 \\x &\leq 7 \\x - 2y &\leq 0\end{aligned}$$
